Spring School 2010 on Systems Biology Kloster Seeon

April 14 - 17, 2010

Alliance on Systems Biology

Objective:

The Spring School of the Helmholtz Alliance on Systems Biology will take place this year for the third time from April 14 to 17, 2010 in Kloster Seeon. It is an integral part in the series of Systems Biology symposia and workshops in the Helmholtz Association.

In the sense of strong cooperation between the different centres, we want to offer a platform for contact and information exchange between young scientists working on Systems Biology.

Registration:

Online registration, booking, and financials will be organized by:

EUROKONGRESS GmbH
Congress + Event + Exhibition Management

Schleissheimer Str. 2
D - 80333 München
